GRECO STROM

Baby

**BABY - KIDS MATTRESSES
& SLEEP ACCESSORIES**

Bedtime

**61 YEARS OF RESEARCH
& INNOVATION**

Indulge in the confidence inspired by a leader. With dedication and perseverance in quality for 61 years, **GRECO STROM** has managed to become the number 1 infant/baby mattress manufacturer in Greece and to be at the top of sleep products for every age. The secret of success is not a “secret”. It’s a tough job to offer you the finest materials, the richest choices and the most sophisticated products, while adhering to the rigorous international standards for mattress production. The recognition and trust of those who have chosen **GRECO STROM**, have given us a leading role in the sleep product market. Perhaps because we were not only able to offer them what they asked for, but also to overcome their expectations.

Certifications

GRECO STROM is particularly proud that all certifications have been received by the Oeko-Tex, Swiss Approval International, Bureau Veritas, LRQA Business Assurance & MIRTEC SA. These are institutions that check with frequent inspections the proper implementation, maintenance and continuous upgrading of the quality systems.

GRECO STROM

DESIGN, PRODUCTION, QUALITY CONTROL AND DISTRIBUTION OF THE COMPANY'S PRODUCTS HAVE BEEN CERTIFIED ACCORDING TO:

STANDARD 100 BY OEKO-TEX®

IT CONCERNS THE ABSENCE OF HARMFUL MATERIALS AND SUBSTANCES FROM BABY AND CHILDREN'S MATTRESSES and all the materials that make them up. OEKO-TEX® STANDARD 100 is a uniform system of laboratory testing and certification for textiles in raw, intermediate and finished form from all stages of production and is recognised internationally throughout the world. The tests are carried out by independent partner institutes on the basis of the extensive OEKO-TEX® criteria. The tests take into account numerous prohibited and non-prohibited substances which may be harmful to health. In many cases the STANDARD 100 limits are stricter than national and international requirements.

SWISS APPROVAL INTERNATIONAL

THE GRECO STROM MATTRESSES have been tested and certified by the Swiss Approval International, as compliance with applicable European directives and regulations. The products comply with the requirements of the European Standard: EN 16890:2017. Children's furniture - Mattresses for cots and cribs - Safety requirements and test methods.

THE MATTRESSES OF THE BODYTOPIA AND THE HYPNATURA SERIES have been tested for durability and have been certified by the Swiss institution with the safety certification and quality of Swiss Approval products International in compliance with existing European directives and regulations and comply with the requirements of the European standard: EN 1957: 2012 & EN 1534: 1999.

ISO 9001 INTERNATIONAL QUALITY MANAGEMENT SYSTEM

ISO 9001 is an internationally recognized standard for quality assurance and quality management for businesses.

ISO 14001 INTERNATIONAL ENVIRONMENTAL

MANAGEMENT SYSTEM

ISO 14001 is an internationally recognized standard for environmental management by businesses. It provides guidelines and required checkpoints that must be applied to any activities having an impact on the environment.

ISO 13485 INTERNATIONAL QUALITY ASSURANCE SYSTEM FOR MEDICAL DEVICES

THE ISO 13485 standard establishes the requirements of the quality assurance system for companies involved in designing, producing, trading, installing and providing technical support for medical devices and products.

MARINE MATTRESSES APPROVAL BY MIRTEC SA (MATERIALS INDUSTRIAL RESEARCH & TECHNOLOGY CENTER)

Your baby's

ALL YOU NEED TO KNOW!

Trust a company with credibility, expertise and experience. **GRECO STROM** creates high quality products that ensure a healthy and safe environment for baby & childhood sleep. The innovative technology behind Greco Strom products is based on scientific research and can guarantee you maximum hygiene, safety and comfort for your baby, both night and day.

secure sleep

→ THE MATTRESS

- Proper baby mattress selection is very important. For hygienic reasons, the mattress should be new. The baby mattress should be free of heavy metals and other harmful substances.
- Babies are much more sensitive and often have allergies to synthetic mattresses. Ensure a safe sleep and avoid any side effects, by choosing an organic mattress or one made of natural materials.
- Do not forget that babies spend several hours of the day on their mattress. The infant & child's mattress should provide comfort, ergonomics and proper point support.
- Do not use more than one mattress on the bed, to avoid danger for the child to reach and climb the rails.
- The maximum distance between bed and mattress should not exceed 3cm. Remember, the harder it is to make the crib, the safer it is for your baby.
- Ensure a healthy, clean and safe sleep for your baby by selecting one of GRECO STROM's protective mattress covers.

→ THE ACCESSORIES

- Choosing the proper pillow helps align the body by covering the gap between the head and the mattress for a comfortable and relaxed sleep. The materials should be hypoallergenic such as memory foam, latex or micro-fiber.
- It is not recommended to use sleeping pillows until the age of 12 months.
- Avoid heavy and unnecessary covers in the cradle, as the baby must have freedom of movement and not be wrapped in it, especially when it becomes more active.
- Do not use hotplates (hot water bottles) or heated pillows!
- Do not place soft objects in the cradle or anything else that can increase the risk of trapping or choking!
- Do not leave children alone and unattended.

→ THE BEDROOM

- Air the room well every day.
- Keep an ideal temperature in the room.

Your baby's

WHY IS SLEEP SO IMPORTANT FOR YOUR BABY'S GROWTH?

Your baby is constantly learning, trying to understand all the new stimulations that seem strange and interesting to it! But your baby does not only learn when it is awake, but also asleep! During sleep, its brain records and stores all the new things it hears and watches while awake. The more qualitative and restful its sleep is, the more efficient the process of recording its new experiences will be!

Sleeping therefore, is of immense importance not only to the physical but also to the spiritual development of your baby.

secure sleep

0-1 MONTH →

16-20 HOURS OF SLEEP PER DAY. It is too early to establish a sleep schedule with your newborn baby. It is hungry and wakes up constantly. Patience, better days will come!

1-3 MONTHS →

18 HOURS OF SLEEP A DAY. Gradually you can train your baby to a sleeping routine, starting from the difference between day and night.

3-6 MONTHS →

16 HOURS OF SLEEP A DAY. Here, the bet is to resist the baby crying that is now reacting when you leave its side and bed. Calm your baby with your presence.

6-12 MONTHS →

14 HOURS OF SLEEP PER DAY. After about 6 months, a baby sleeps almost all night. Around the 9th month though, it wakes up and searches for you. Calm it with your presence.

12+ MONTHS →

12-14 HOURS OF SLEEP PER DAY. A relaxing bath and a fairy tale are usually enough to make a baby fall asleep immediately.

WE LIVE TOGETHER THE MOST BEAUTIFUL BABY AND CHILDHOOD AGE!

Your baby is your whole life!

Except for your unlimited love, you always want to offer your baby the best, especially as far as its valuable sleeping growth is concerned.

That's why you have beside you **GRECO STROM**, the No. 1 company in baby sleep products in Greece.

And fortunately **GRECO STROM's** top quality sleep will accompany your baby not only in infancy and childhood but also in adulthood with a wide range of products for every stage and need of its life.

Discover all you can offer your baby with the baby products of **GRECO STROM**.

Hairlok

Natural horse hair

A MATERIAL EXCLUSIVELY PRODUCED FROM NATURAL HORSEHAIR WITH UNEXPECTED FEATURES.

HAIRLOK IS A NATURAL MATERIAL WITH UNIQUE PROPERTIES. Created exclusively from horsehair and natural latex. The functional characteristics of these natural materials are scientifically proven to be distinguished by elasticity, durability, and three-dimensional strength, while your baby's restful sleep is ensured by parallel hypoallergenic and antimicrobial protection. The composition of hairlock material requires special processing and care. The hair from the horses' mane rotates and forms ropes that resemble natural springs, which with special treatment extend into thin sheets and are sprayed with natural latex in order to acquire high elasticity, creating the most ideal sleeping conditions for your baby. HAIRLOK, IN NATURE, HAS AN UNEXPECTED VENTILATION ABILITY ENSURING AN EXCELLENT MICRO-AIR CLIMATE FOR YOUR BABY.

THE IASO MATTRESS IS MADE FROM 100% NATURAL MATERIALS WHICH CREATES THE APPROPRIATE SURROUNDING FOR YOUR BABY TO SLEEP COMFORTABLY ON BOTH COLD AND HOT DAYS!

HAIRLOK

MADE OF NATURAL HORSE HAIR AND NATURAL LATEX, it prevents moisture and creates the perfect environment for your baby's sleep. It is hypoallergenic, antimicrobial and highly resistant.

FABRICS

TENCEL ANTIBACTERIAL FABRIC

With special antibacterial treatment that prevents the growth of bacteria and mites in the mattress. It is elastic for easy application, environmentally friendly and non-toxic, free of heavy metals and volatile compounds. In addition, it has been processed for slow burning, which reduces the flame spread.

ORGANIC COTTON FABRIC

"Breathes" and helps maintain the ideal temperature. It is ideal for people suffering from allergies, asthma or skin diseases. Environmentally friendly and non-toxic. In addition, it has been processed for slow burning, which reduces the flame spread.

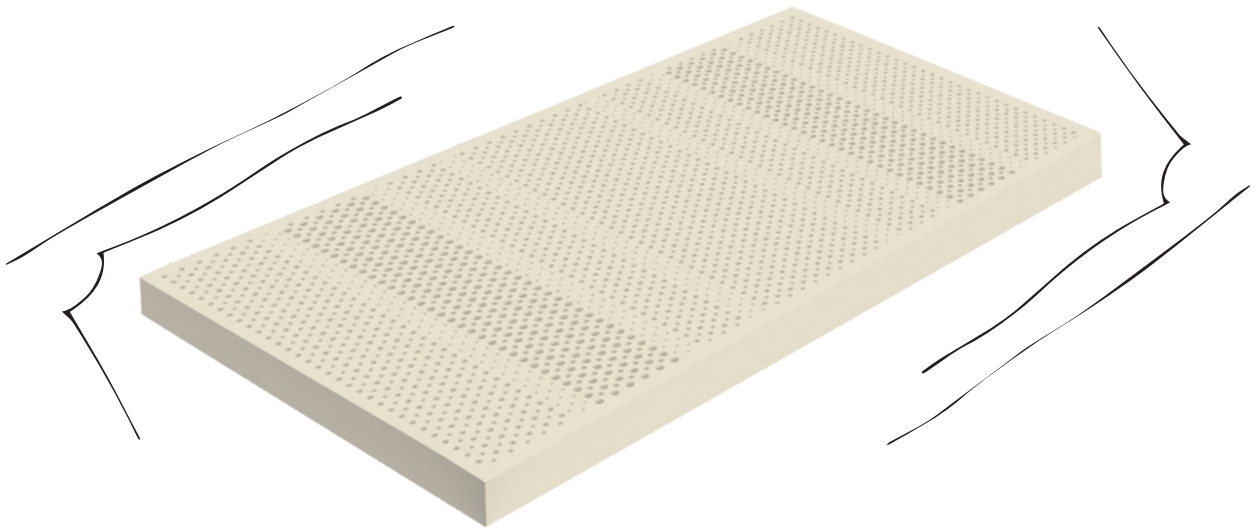

Mattress height: 11cm (+/-1cm due to natural materials).

Elasticity, flexibility & excellent recovery

**GRECO STROM GUARANTEES THE USE OF THE BEST QUALITY LATEX
SELECTED FROM CONTROLLED PLANTATIONS AND IS STRICTLY TESTED
BEFORE AND DURING THE PRODUCTION PROCESS.**

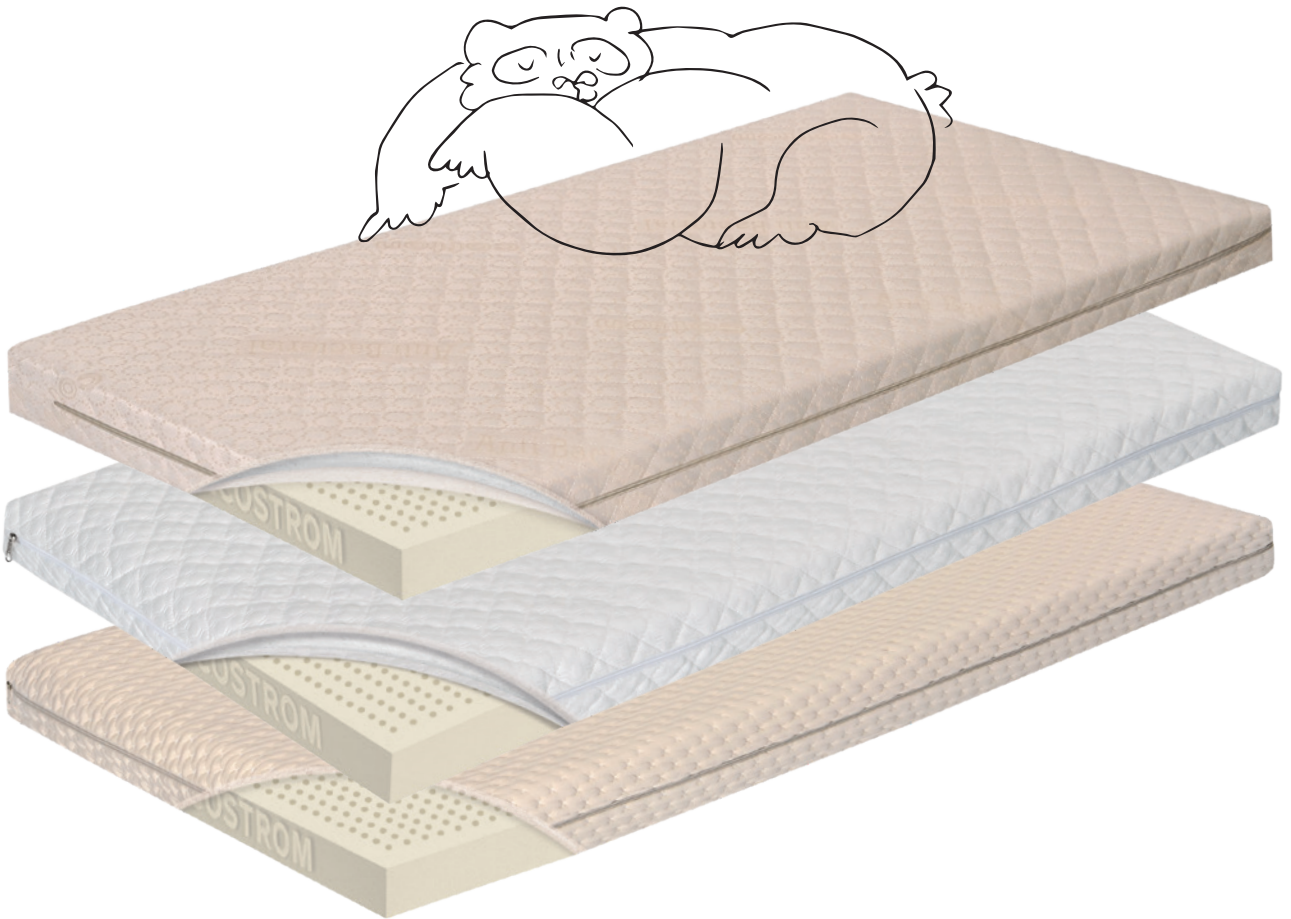

LATEX IS A WHITE, MILKY LIQUID that comes from the extracts of the *Hevea brasiliensis* tropical tree. The specialized production process gives it unique flexibility, elasticity and excellent restoration. It follows and perfectly adapts to the body contour to ensure the distribution of the pressure exerted during sleep. In this way, it promotes proper circulation of blood in the spine and the limbs. Its numerous cells allow for optimum ventilation of the mattress, PREVENTING THE GROWTH OF MICROBES, FUNGI AND MITES, THUS ENSURING THE BEST HYGIENE CONDITIONS.

Thales

HYGIENE, COMFORT & SAFETY

5 YEAR WARRANTY

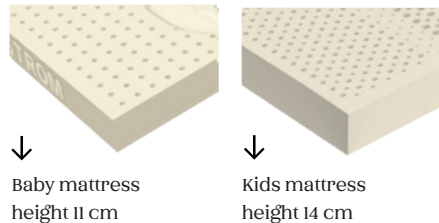

Cert No: 030-03-026-00756

Labyrinth

A pioneering and hypoallergenic material

A PIONEERING MATERIAL THAT CREATES THE MOST COMFORTABLE MICROCLIMATE FOR A RESTFUL AND RELAXING SLEEP.

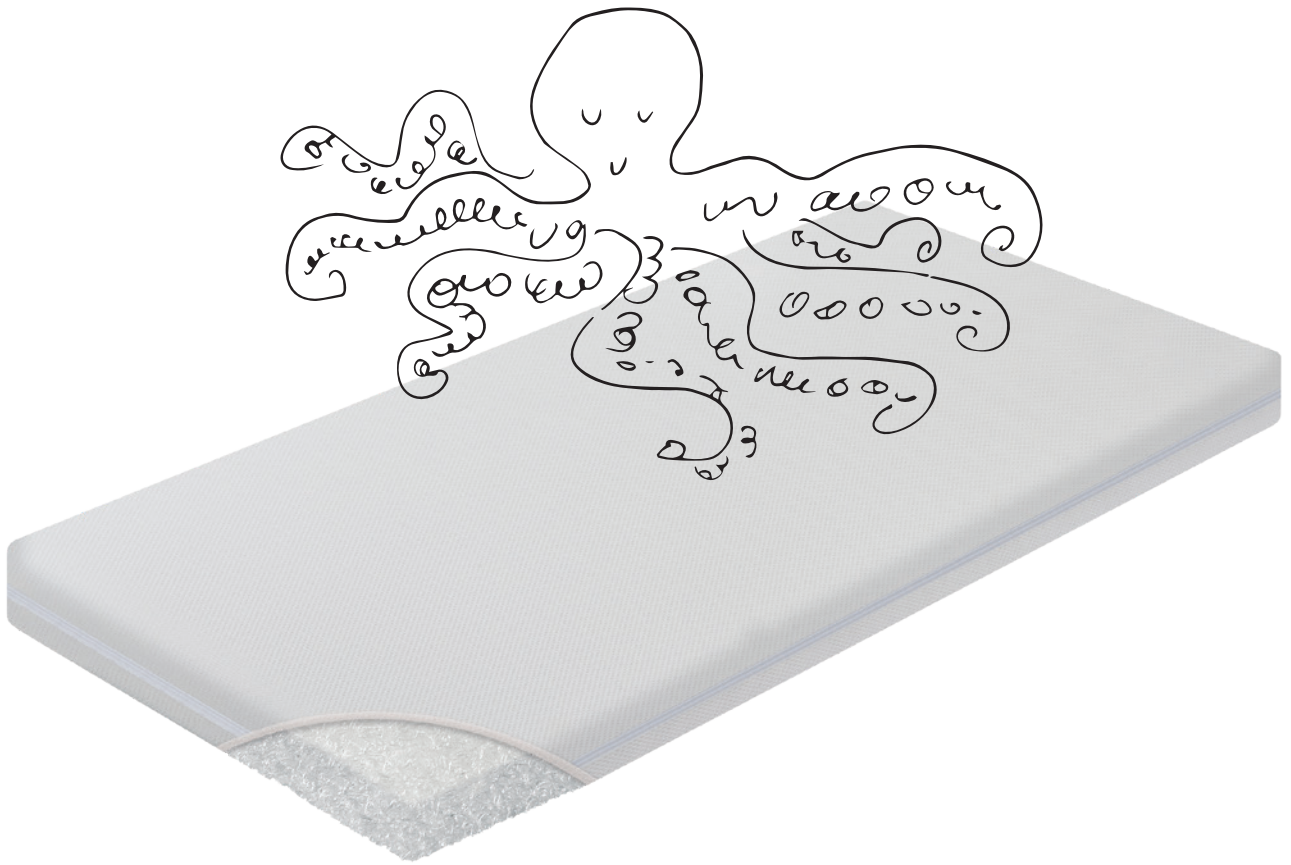

IT IS A HYPOALLERGENIC, NON-TOXIC THERMOPLASTIC ELASTOMER, which combines the characteristics of the most strictly selected, fully recyclable synthetic fibers and nature's finest design patterns. The result is an incomparable combination of elasticity, pressure division and ventilation, providing the highest level of comfort. The three-dimensional structure of blended single fibers allows moisture and air to flow freely through the open layers of the Labyrinth. Horizontal air flow caused by natural body movement during sleeping hours creates the most comfortable microclimate that leads to the most relaxing and restful conditions. IT IS EASY TO WASH, SO IT MAINTAINS CLEAN, IT DRIES QUICKLY AND IS COMPLETELY WATERPROOF. THE RAW MATERIAL THAT WE USE IN LABYRINTH HAS A "CRADLE TO CRADLE" SILVER CERTIFICATE.

Iris

NATURALLY HYPOALLERGENIC

A PIONEERING HYPOALLERGENIC MATTRESS, FREE OF CHEMICAL ADDITIVES THAT ENSURES OPTIMAL MOISTURE VENTILATION AND MOISTURE-FREE CONDITIONS, RESULTING TO A COMFORTABLE AND HEALTHY SLEEP FOR YOUR BABY.

LABYRINTH

A THREE-DIMENSIONAL STRUCTURE that works in conjunction with the natural movement of your baby's body and allows vertical and horizontal airflow. Waterproof and washable it creates the most relaxing, restful and healthy sleeping conditions!

FABRICS

3D-AIRPROOF FABRIC

Waterproof fabric of special technology with three-dimensional structure, allowing comfortable air circulation, promoting proper ventilation inside the mattress and preventing the growth of microbes and micro-organisms. Thus, your baby enjoys a comfortable and safe sleep. It is environmentally friendly and non-toxic, free of heavy metals and volatile compounds.

Mattress height: 8 cm (+/-1cm due to natural materials)

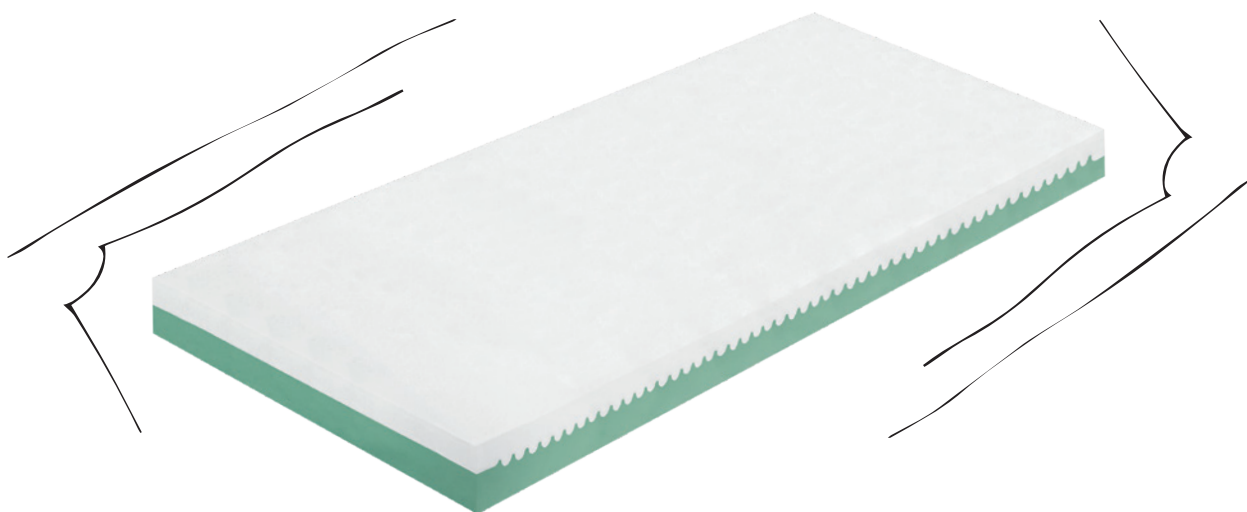

Memory foam

39

This material creates non-gravity conditions

PROVIDES THE PROPER SUPPORT, FOR THE ABSOLUTE COMFORT YOUR BABY NEEDS, FOR A SERENE SLEEP.

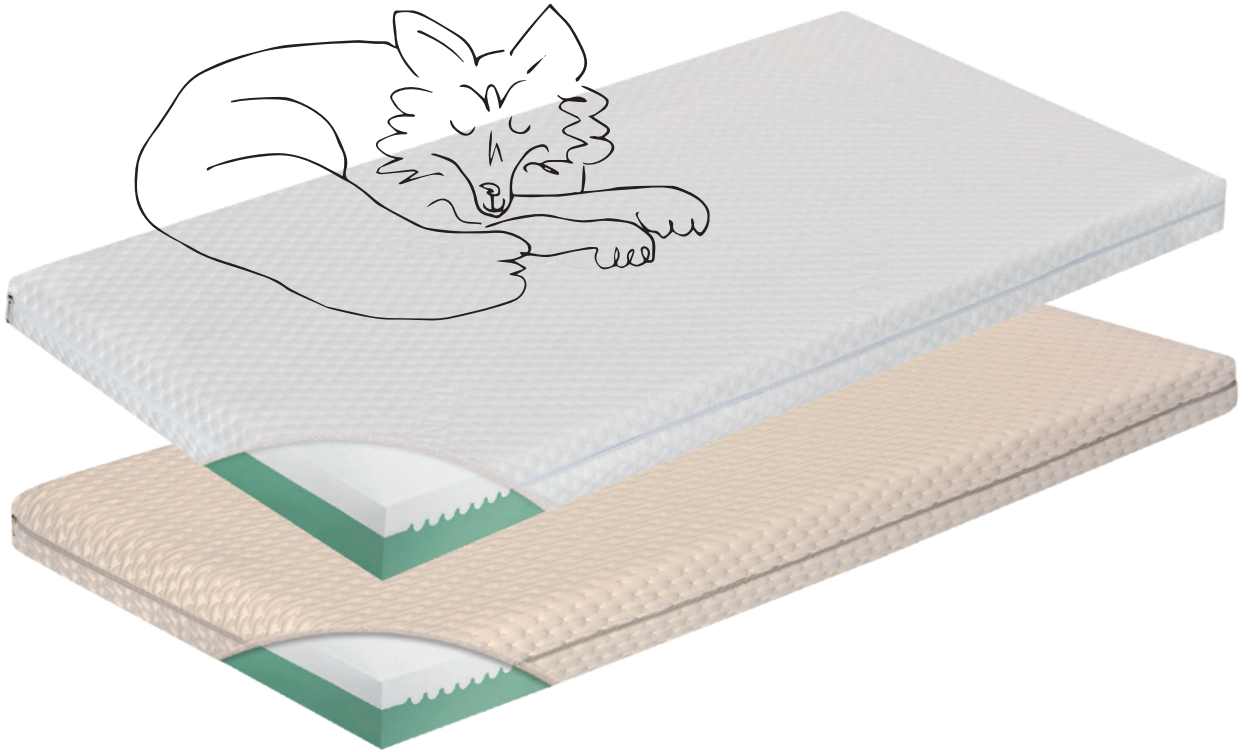

THE LATEST GENERATION AND HIGH QUALITY ELASTIC VISCOSE (MEMORY FOAM) of increased density that works according to body temperature minimizing pressure points, causing proper spinal and limb perfusion. This material creates "non-gravity" conditions and it was used by NASA to relieve pressure from astronauts during take-off. Its outstanding durability has been confirmed through resistance testing processes, which combined with its revolutionary features, promote it into one of the most sophisticated materials to produce innovative sleep products that ensure ultimate comfort and well-being. DURING THE PRODUCTION PROCESS, NO SUBSTANCES HARMFUL TO THE HUMAN BODY ARE USED.

Thetis

IDEAL FOR THE PROPER SPINE & BACK SUPPORT

5 YEAR WARRANTY

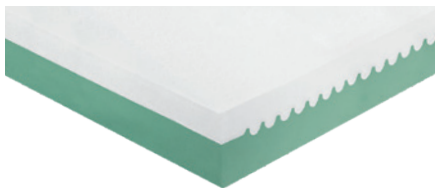

Cert No: 030-03-026-00757

TECHNOLOGY AND ERGONOMICS

5 YEAR WARRANTY

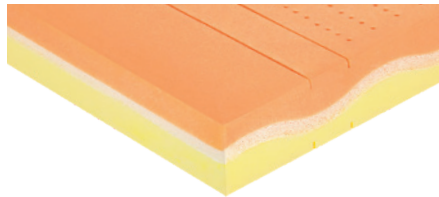

Cert No: 030-03-026-00755

OEKO-TEX STANDARD 100 Class 1 certification. This product also complies with the requirements of the European Standard: EN 16890:2017. Children's furniture - Mattresses for cots and cribs - Safety requirements and test methods.

EXCELLENT ADAPTATION AND DISTRIBUTION OF THE PRESSURE OF YOUR BABY'S WEIGHT.

BREATHABLE FOAM/DRYFEEL/OPEN CELL FOAM
 DOUBLE-SIDED MATTRESS WITH TWO LAYERS OF INNOVATIVE AND BREATHABLE FOAM in different densities which works perfectly with the core, ensuring air circulation and the regulation of the ideal temperature. The separate hardness levels of the two sides of the mattress in combination with the five point support zones offer excellent adaptability and pressure distribution of your baby's weight.

FABRICS

TENCEL ANTIBACTERIAL FABRIC

With special antibacterial treatment that prevents the growth of bacteria and mites in the mattress. It is elastic for easy application, environmentally friendly and non-toxic, free of heavy metals and volatile compounds. In addition, it has been processed for slow burning, which reduces the flame spread.

ORGANIC COTTON FABRIC

"Breathes" and helps maintain the ideal temperature. It is ideal for people suffering from allergies, asthma or skin diseases. Environmentally friendly and non-toxic. In addition, it has been processed for slow burning, which reduces the flame spread.

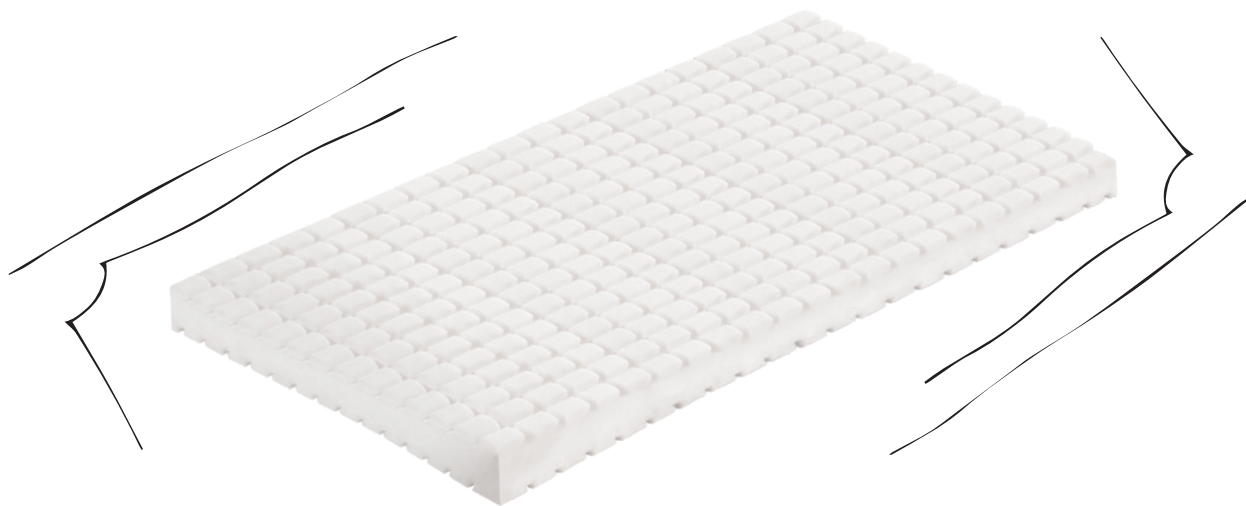

Mattress height: 10 cm (+/-1cm due to natural materials)

Foam air

Upper quality of advanced technology

ELASTICITY, FLEXIBILITY AND GREAT DURABILITY FOR YOUR BABY'S IDEAL SLEEP.

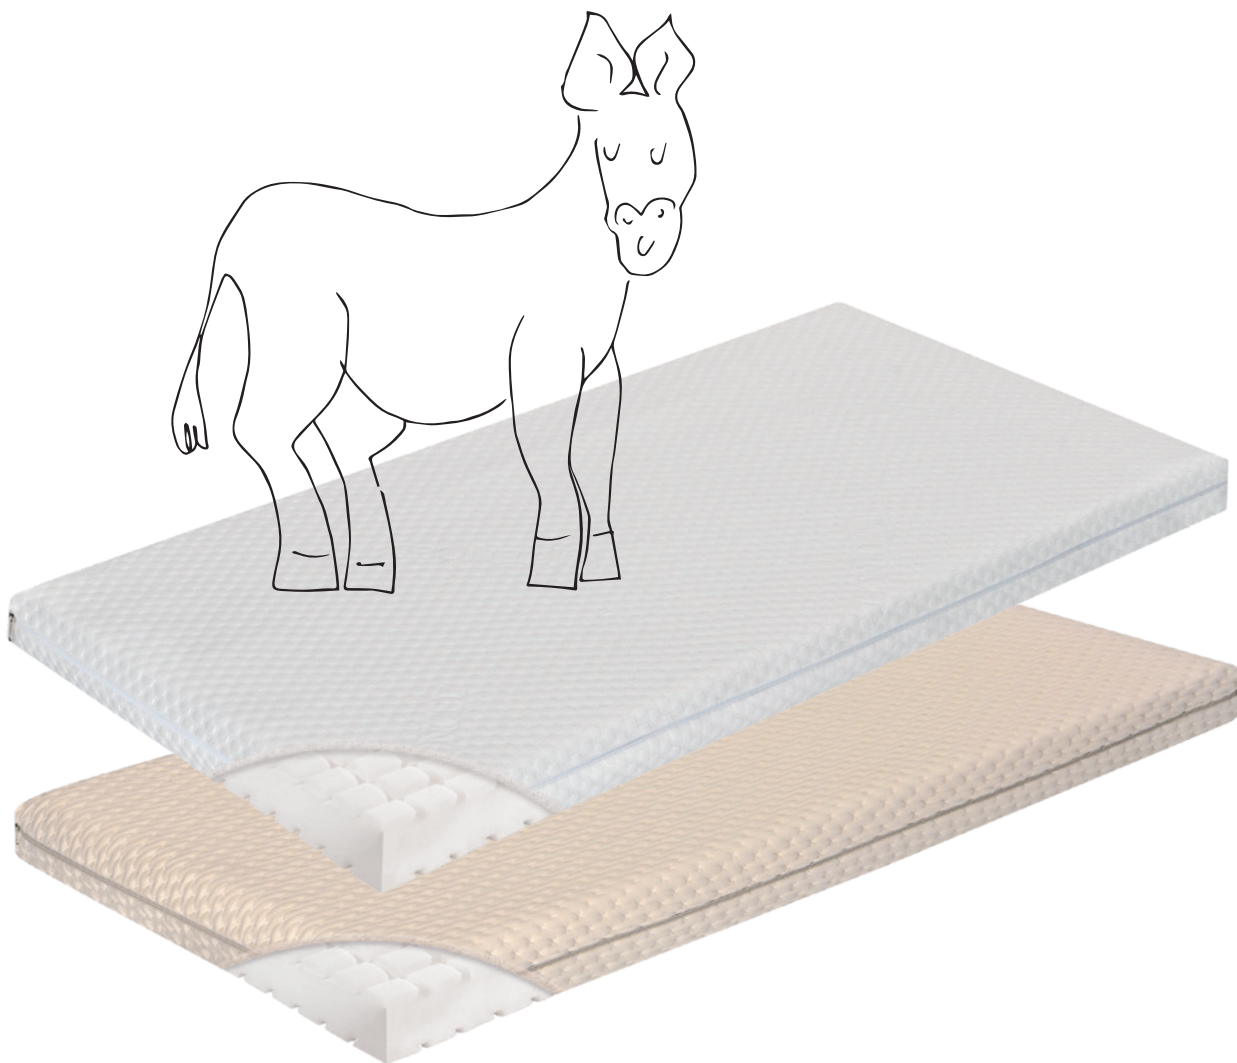

UPPER QUALITY OF ADVANCED TECHNOLOGY FOAM MATERIAL with its open cellular structure that allows air flow inside the mattress. Also, thanks to its high density ensures its maximum performance, providing great elasticity, excellent restoration and durability even after years of use. During the production process, no substances harmful to the human body are used. EXCELLENT STRENGTH WITH GREAT ELASTICITY AND FLEXIBILITY. PREVENTS ALLERGY DEVELOPMENT AND PERFORMS EXCELLENT RESTORATION.
