**61 YEARS OF RESEARCH
& INNOVATION**

Stories

Indulge in the confidence inspired by a leader. With dedication and perseverance in quality for 61 years, GRECO STROM has managed to become the number 1 infant/baby mattress manufacturer in Greece and to be at the top of sleep products for every age. The secret of success is not a “secret”.

It's a tough job to offer you the finest materials, the richest choices and the most sophisticated products, while adhering to the rigorous international standards for mattress production.

The recognition and trust of those who have chosen GRECO STROM, have given us a leading role in the sleep product market. Perhaps because we were not only able to offer them what they asked for, but also to overcome their expectations.

4 Certifications

GRECO STROM is particularly proud that all certifications have been received by the Oeko-Tex, Swiss Approval International, Bureau Veritas, LRQA Business Assurance & MIRTEC SA. These are institutions that check with frequent inspections the proper implementation, maintenance and continuous upgrading of the quality systems.

GRECO STROM

DESIGN, PRODUCTION, QUALITY CONTROL AND DISTRIBUTION OF THE COMPANY'S PRODUCTS HAVE BEEN CERTIFIED ACCORDING TO:

STANDARD 100 BY OEKO-TEX®

IT CONCERNS THE ABSENCE OF HARMFUL MATERIALS AND SUBSTANCES FROM BABY AND CHILDREN'S MATTRESSES and all the materials that make them up. OEKO-TEX® STANDARD 100 is a uniform system of laboratory testing and certification for textiles in raw, intermediate and finished form from all stages of production and is recognised internationally throughout the world. The tests are carried out by independent partner institutes on the basis of the extensive OEKO-TEX® criteria. The tests take into account numerous prohibited and non-prohibited substances which may be harmful to health. In many cases the STANDARD 100 limits are stricter than national and international requirements.

SWISS APPROVAL INTERNATIONAL

THE GRECO STROM MATTRESSES have been tested and certified by the Swiss Approval International, as compliance with applicable European directives and regulations. The products comply with the requirements of the European Standard: EN 16890:2017. Children's furniture – Mattresses for cots and cribs – Safety requirements and test methods.

THE MATTRESSES OF THE BODYTOPIA AND THE HYPNATURA SERIES have been tested for durability and have been certified by the Swiss institution with the safety certification and quality of Swiss Approval products International in compliance with existing European directives and regulations and comply with the requirements of the European standard: EN 1957: 2012 & EN 1334: 1999.

ISO 9001 INTERNATIONAL QUALITY MANAGEMENT SYSTEM

ISO 9001 is an internationally recognized standard for quality assurance and quality management for businesses.

ISO 14001 INTERNATIONAL ENVIRONMENTAL MANAGEMENT SYSTEM

ISO 14001 is an internationally recognized standard for environmental management by businesses. It provides guidelines and required checkpoints that must be applied to any activities having an impact on the environment.

ISO 13485 INTERNATIONAL QUALITY ASSURANCE SYSTEM FOR MEDICAL DEVICES

THE ISO 13485 standard establishes the requirements of the quality assurance system for companies involved in designing, producing, trading, installing and providing technical support for medical devices and products.

MARINE MATTRESSES APPROVAL BY MIRTEC SA (MATERIALS INDUSTRIAL RESEARCH & TECHNOLOGY CENTER)

UPGRADING QUALITY PRODUCTS that are required to meet specifications and are suitable to equip ships, yachts, hotels and general spaces and it is considered necessary to use mattresses with particular fire resistance, therefore GRECO STROM designs and produces a new series of mattresses that meet the requirements as outlined in Directive 2014/90 EU and Regulation (EU) 2020/1170 for MED / 3.21 bedding product group.

- SOLAS 74 Reg. II-2/3, Reg. II-2/9 & Reg. X / 3 &
- IMO Res. MSC. 307 (88) – (2010 FTP Code) Annex 1, Part 9

ALTERNATIVE PACKAGING MANAGEMENT

WITH ABSOLUTE RESPECT TO THE ENVIRONMENT, GRECO STROM belongs to the innovators of the alternative packaging management system in collaboration with the Greek Recycling Recovery Company.

IT'S A BEDTIME STORY

History

SINCE 1964, OUR DEDICATION ON QUALITY HAS BECOME A HABIT, A WAY OF LIFE, WORK AND CREATION.

1964

THE COMPANY IS FOUNDED BY MR. FOTIS GKOTSPOULOS and is active in the manufacture of handmade cotton mattresses.

1976

PURCHASE OF 5,000 m² PRIVATELY OWNED AREA and construction of factory building of 1,500 m² in Mandra, Attica.

1980

PURCHASE OF MACHINERY EQUIPMENT and production of mattresses with springs.

1986

MR. MARIOS GKOTSPOULOS son of the founder enters the company as a partner.

1991

GRECO STROM EXPANDS after it extends its factory building to 3,000 m².

1997

MR. CHRIS GKOTSPOULOS son of the founder enters the company as a partner.

1998

OUR COMPANY EXTENDS ITS ACTIVITY by studying, designing and producing baby mattresses, based on the most stringent international standards.

2000

COMPANY CERTIFICATION based on the International Quality Management System ISO 9001.

2003

INVESTMENTS ARE MADE with upscale and modern mechanical equipment and the company proceeds to innovative design and production of box mattresses.

2004

- MATTRESS SUPPLY ASSIGNMENT for the OLYMPIC GAMES.
- CERTIFICATION OF THE COMPANY based on the International Environmental Management System ISO 14001.

2005

- EXPORT ACTIVITY in Cyprus.
- INCORPORATION OF THE COMPANY as a member of ISPA (International Sleep Products Association).

2006

- ASSIGNMENT FOR SUBMARINES AND SHIPS OF THE NAVY with mattresses certified according to specifications (international Maritime Organization)
- AWARD OF THE ECO LABEL under the Register number EL / 014/0.

2007

- OUR MATTRESS STRENGTH IS VERIFIED by the test EN 1957 in the AIDIMA specialized laboratory in Spain.
- EXPORT ACTIVITY in Balkan countries.

2008

EXPORT ACTIVITY in Russia.

2012

- CERTIFICATION OF THE COMPANY based on the ISO 13485 International Medical Product Quality System.
- STUDY, DESIGN AND PRODUCTION OF HOSPITAL BEDS with CE certification and registration in the Register Manufacturers of Category I Medical Devices from EOF.

2013

GRECO STROM CONTINUES TO EXPAND after it extends its factory building to 6,000 m².

2015

GRECO STROM INNOVATES by designing and producing mattresses that go beyond expectations. The advantages of a handmade mattress structure are complied with transcendental technological development, offering the new generation of LITHOS mattresses.

2017

INVESTING in pioneering innovative mechanical equipment.

2018

- THE BABY MATTRESSES OF GRECO STROM are tested and certified by the Swiss Certification for Safety and Product Quality Swiss Approval International and meet the requirements of the European Standard: EN 16890: 2017.
- EXTENSION of privately-owned building facilities to 16,000 m².

GRECO STROM

2019

• UPGRADING QUALITY PRODUCTS that are required to meet specifications and are suitable to equip ships, yachts, hotels and general spaces and it is considered necessary to use mattresses with particular fire resistance, therefore GRECO STROM designs and produces a new series of mattresses that meet the requirements as outlined in EU Regulation 2017/306 for MED / 3.21 bedding product group.

– SOLAS 74 Reg.II-2/3, Reg.II-2/9 & Reg. X/3 &

– IMO Res. MSC. 307(88)–(2010 FTP Code) Annex 1, Part 9.

- GRECO STROM was awarded in the prestigious Diamonds of the Greek Economy 2019 business excellence award.
- Start of export activity in the Czech Republic.
- Start of export activity in Italy.
- Start of export activity in Romania.

2020

• GRECO STROM, DRIVEN BY INSPIRED AND CREATIVE PRODUCTION, has created a new generation of anatomical mattresses with modern manufacturing technology, the BODYTOPIA series. Mattresses that respond to the desire for rejuvenation and relaxation within the most personal eight hours of the day. Positive emotions that accompany the experience of a good night's sleep. Moments of daydreaming, reminiscing, rest, moments of true psychosomatic uplift and satisfaction. The BODYTOPIA range receives the Swiss Approval International certification on the basis of durability tests and compliance with the requirements of the European standard: EN 1957:2012 & EN 1534:1996

- RECOGNIZING THAT THE MODERN PROFESSIONAL HOTELIER NEEDS SOLUTIONS that will improve and upgrade the operation of his business, GRECO STROM presents the GRAND COLLECTION collection of mattresses. Mattresses that ensure point support in any adventurous or non-adventurous sleeping position, as well as the avoidance of noise. The constant search for and implementation of innovative technologies in mattress production is our sole responsibility
- CONSTRUCTION of an independent, privately owned vertically integrated bed production unit of 1000 m² & expansion of the privately owned building facility by 500m².

2021

- CREATION OF THE ONLINE STORE SHOP.GRECOSTROM.GR, for direct purchases and distribution of household equipment products and baby – children's sleep products.
- GRECO STROM was awarded in the prestigious Diamonds of the Greek Economy 2021 business excellence award.
- THE RANGE OF BABY & CHILDREN'S MATTRESSES receives the Swiss Approval International certification based on compliance with the requirements of the European standard : EN 16890:2017. Children's furniture – mattresses for cots and cribs – safety requirements and test methods.

2022

- WITH OUR EYES OPEN TO A GREEN WORLD, we created the new HYPNATURA mattress range, dressed in the new AEIFORIA fabric. For the production of the AEIFORIA fabric, yarns are used that come from recycled plastic bottles from all over the planet. The Hypnatura range receives the Swiss Approval International certification based on durability tests and compliance with the requirements of the European standard: EN 1957:2012 & EN 1534:1999.
- ALL THE COMPANY'S BABY AND CHILDREN'S CLOTHING is awarded a Gold Award by the Mother & Baby Awards in the category BEST BABY AND KIDS MATTRESS COLLECTION.

2023

- ALL MODELS OF INFANT AND CHILDREN'S MATTRESSES receive the OEKO-TEX STANDARD 100 certification based on the international standard that ensures hygiene throughout the mattress.
- ALL MATTRESSES OF HOTEL EQUIPMENT receive the Swiss Approval certification based on durability tests and compliance with the requirements of the European standard: EN 1957:2012 & EN 1534:1999.
- WE HAVE INVESTED IN NEW MODERN MACHINERY according to the leading international standards. With this upgrade, we continue to distinguish ourselves in the construction industry, offering reliable solutions that meet the highest standards.

2024

- ADDITION OF A NEW COLLECTION OF HANDMADE BEDS AND FOLDING FURNITURE with a renewed design and excellent functionality.
- CREATION OF A NEW SITE designed for the convenience of the user according to the new standards of the time.

Lithos

THE PRECIOUS COLLECTION

For **GRECO STROM**, diligence, perfection and refinement are synonymous with passionate attention to detail. The excellent **LITHOS** mattresses series was born to offer you unique moments of daily relaxation. Jubilee, Jonker, Excelsior, Trillion, Emerald... Five new mattresses available for you, specially designed to activate every cell of your body and travel you to the realm of dream.

GRECO STROM's vision was an innovative design, based on uniqueness and innovation that combined tradition with technological modernity.

Collection

This new model version goes beyond the current trends, leading to a new dimension of sleep, where the benefits of a handmade mattress are blended with the transcendent technological evolution.

Lithos

PURE VISCOSE FIRE RETARDANT FABRIC

HUMAN SKIN IS OUR NATURAL CONNECTION TO THE ENVIRONMENT. It loves to touch natural materials which have a positive effect on the body, creating the ideal conditions for climate and temperature. Inside the heart of the tree trunk, cellulose is found, a pulp of the structural polysaccharide. After special treatment, it offers us unique gloss fibers from which high quality fabric is produced. Viscose is a very durable fabric which offers great comfort during movements. Also, it has a sensation of embracing the body harmoniously so it is highly requested in textile production. The pure viscose fabric has excellent heat-regulating properties. Indeed, its structure "traps" the air, providing a natural insulating environment, as it can absorb up to 40% of moisture while reducing static electricity.

FIBER WAVE LANA

ECO-WOOL LAYER. It contains no chemical resins and glues, it is fully recyclable and hypoallergenic. An exclusively patented product technology is its structure, as the fibers are arranged in sinusoidal order, thus forming a set of waves having a horizontal arrangement. This ensures a great flexibility, excellent restoration and durability, even under high compression conditions.

DOUBLE HIGH-RESILIENCE FOAM HR

THE STATE-OF-THE-ART HIGH QUALITY FOAM with its open cellular structure allows breathing inside the mattress and at the same time because of its high density ensures maximum performance its behavior provides high elasticity, excellent recovery and durability even after years of use. A double layer of material is used on each side of the mattress.

QUILTED 5M ARTWORK

GRECO STROM INNOVATES IN THE DESIGN AND QUALITY OF QUILTING. It includes in its production, modern technology machines capable of operating precisely a lot of materials together. In this way the advantages of lithos handmade mattresses are combined with the technological evolution, resulting in extremely soft sensation, great comfort and aesthetically perfect result.

LATEX LAYER COMFORT PLUS

LATEX IS A NATURAL MILKY LIQUID, derived from the extracts of the tropical tree hevea brasiliensis which grows frequently in southeast asia. Its production process with the latest technology machines giving us a material of unique elasticity, flexibility and excellent restoration. It follows and perfectly adapts to the body shape ensuring distribution of the pressure exerted during sleep. In this way, it promotes proper blood circulation in the spine and the limbs. Its numerous holes, allow optimal ventilation of the mattress, preventing the development of germs and mites. A high-quality material, free of toxic and allergenic substances, which maintains its shape and comfort over time.

7 ZONE MICRO POCKET SPRINGS 2000S

THE NEW UNIT OF INDIVIDUAL SPRINGS TYPE 7 ZONE MICRO POCKET SPRINGS 2000S offers a high level of support and comfort. Each spring is hosted separately in fabric pockets allowing each spring unit to react completely independently. The special thickness of the wire gives maximum resistance to this innovative spring unit as it is adjustable for pressure distribution and ergonomic adjustment to body weight is ensured. In addition, the small diameter of each micro pocket spring results in the maximum number of springs per m², thus providing the highest degree of support. The barrel shape of the springs ensures noise avoidance. The rate of 1000 pcs per m² is maintained.

FRAME SUPPORT

STAINLESS STEEL PERIMETER FRAME ensuring spring stabilization and the mattress dimension.

LATEX EXTRA BORDER SUPPORT

LATEX SUPER ENHANCED DENSITY MATERIAL for border support of the mattress. Its numerous holes allow for optimum ventilation of the mattress, preventing the growth of microbes, fungi and mites, thus ensuring the best hygiene conditions. Greco strom guarantees the use of the best latex quality selected from controlled plantations and is strictly tested before and during the production process.

10 YEARS WARRANTY

VENT & FRESH

Special open ventilation cells that ensure air circulation towards all directions in the mattress

HANDLES

For easy rotation of the mattress

ZIPPER

Allows the optical control of materials

Mattress height 30 cm (+/-1 dimensional variation due to material nature).

Insert materials are described in the order they are placed in the mattress for each two sides.

Jubilee

02 JONKER MATTRESS

10 YEARS WARRANTY

The definition of anatomy. Indulge in the softness and incomparable anatomy of the JONKER mattress. Thanks to its unique technology and combination of different types of independent springs, it offers maximum body, while at the same time its luxurious design, challenges you to experience true relaxation and wellness!

PURE VISCOSE FIRE RETARDANT FABRIC

HUMAN SKIN is our natural connection to the environment. It loves to touch natural materials which have a positive effect on the body, creating the ideal conditions for climate and temperature. Inside the heart of the tree trunk, cellulose is found, a pulp of the structural polysaccharide. After special treatment, it offers us unique gloss fibers from which high quality fabric is produced. Viscose is a very durable fabric which offers great comfort during movements. Also, it has a sensation of embracing the body harmoniously so it is highly requested in textile production. The PURE VISCOSE fabric has excellent heat-regulating properties. Indeed, its structure "traps" the air, providing a natural insulating environment, as it can absorb up to 40% of moisture while reducing static electricity.

FIBER WAVE LANA

ECO-WOOL LAYER. It contains no chemical resins and glues, it is fully recyclable and hypoallergenic. A exclusively patented product technology is its structure, as the fibers are arranged in sinusoidal order, thus forming a set of waves having a horizontal arrangement. This ensures a great flexibility, excellent restoration and durability, even under high compression conditions.

DOUBLE HIGH-RESILIENCE FOAM HR

THE STATE-OF-THE-ART HIGH QUALITY FOAM with its open cellular structure allows breathing inside the mattress and at the same time because of its high density ensures maximum performance. Its behavior provides high elasticity, excellent recovery and durability even after years of use. A double layer of material is used on each side of the mattress.

QUILTED 5M ARTWORK

GRECO STROM INNOVATES IN THE DESIGN AND QUALITY OF QUILTING. It includes in its production, modern technology machines capable of operating precisely a lot of materials together. In this way the advantages of LITHOS handmade mattresses are combined with the technological evolution, resulting in extremely soft sensation, great comfort and aesthetically perfect result.

7 MULTI-ZONE LATEX LAYER

THANKS TO ITS SEVEN DIFFERENT SUPPORT ZONES it ensures an evenly distribution of body pressure during sleep. In this way, it promotes proper blood circulation in the spine and the limbs. Its numerous holes allow for optimum ventilation of the mattress, preventing the growth of microbes, fungi and mites, thus ensuring the best hygiene conditions.

TABLET MICRO POCKET SPRINGS 1000S

THE NEW UNIT OF INDIVIDUAL SPRINGS TYPE TABLET MICRO POCKET SPRINGS 1000S offers a high level of support and comfort. Each spring is hosted separately in fabric pockets allowing each spring unit to react completely independently and ensures noise avoidance. In combination with the independent spring unit 7 ZONE MICRO POCKET SPRINGS 1000S additional resistance is provided when more pressure is exerted, therefore increased support is provided when and where needed, thus contributing to the maximum anatomical performance of the layer. In addition, the small diameter of each micro pocket spring results in the maximum number of springs per m², thus providing the highest degree of support. The rate of 500 pcs per m² is maintained.

7 ZONE MICRO POCKET SPRING UNIT 1000S

INDEPENDENT SPRING UNIT TYPE 7 ZONE MICRO POCKET SPRING 1000S that are hosted separately in fabric pockets. The 7 different support zones allow the individual elasticity of each spring and provide a high degree of support. This regulates the distribution of pressure and ensures ergonomic adjustment to body weight by evolving anatomy to the highest degree. The rate of 500 pcs per m² is maintained.

FRAME SUPPORT

STAINLESS STEEL PERIMETER FRAME ensuring spring stabilization and the mattress dimension.

"V" FOAM EXTRA SUPPORT

HIGH DENSITY FOAM for boarder support of the mattress. In addition, with special notches V-shaped along the length sides and with its open cellular structure, it ensures excellent ventilation of the mattress.

10 YEARS WARRANTY

VENT & FRESH

Special open ventilation cells that ensure air circulation towards all directions in the mattress

PURE VISCOSE FIRE RETARDANT FABRIC

HUMAN SKIN is our natural connection to the environment. It loves to touch natural materials which have a positive effect on the body, creating the ideal conditions for climate and temperature. Inside the heart of the tree trunk, cellulose is found, a pulp of the structural polysaccharide. After special treatment, it offers us unique gloss fibers from which high quality fabric is produced. Viscose is a very durable fabric which offers great comfort during movements. Also, it has a sensation of embracing the body harmoniously so it is highly requested in textile production. The PURE VISCOSE fabric has excellent heat-regulating properties. Indeed, its structure "traps" the air, providing a natural insulating environment, as it can absorb up to 40% of moisture while reducing static electricity.

FIBER WAVE LANA

ECO-WOOL LAYER. It contains no chemical resins and glues, it is fully recyclable and hypoallergenic. A exclusively patented product technology is its structure, as the fibers are arranged in sinusoidal order, thus forming a set of waves having a horizontal arrangement. This ensures a great flexibility, excellent restoration and durability, even under high compression conditions.

DOUBLE SPACE VISCO ELASTIC SOFT

DOUBLE LAYER OF SPECIALIZED QUILTED FOAM MATERIAL. Works according to body temperature, while contributes to maximum anatomical performance. This product was originally used by NASA in laboratory studies.

QUILTED 5M ARTWORK

GRECO STROM INNOVATES IN THE DESIGN AND QUALITY OF QUILTING. It includes in its production, modern technology machines capable of operating precisely a lot of materials together. In this way the advantages of LITHOS handmade mattresses are combined with the technological evolution, resulting in extremely soft sensation, great comfort and aesthetically perfect result.

SPACE VISCO ELASTIC FIRM LAYER

HIGH ELASTIC VISCOSE (MEMORY FOAM) used as an inner layer which works according to body temperature and minimises pressure points, causing proper blood circulation in the spine and limbs. This material creates "non-gravity" conditions, so it was used by NASA to relieve the pressure that astronauts had to face.

7 ZONE POCKET SPRINGS 500S

UNIT OF INDEPENDENT SPRINGS HOSTED SEPARATELY IN CLOTH POUCHES. The 7 different support zones allow individual elasticity of each spring and provide maximum support. This regulates the pressure distribution and ergonomic adjustment of body weight is ensured. The rate of 260 pcs per m² is maintained.

FRAME SUPPORT

STAINLESS STEEL PERIMETER FRAME ensuring spring stabilization and the mattress dimension.

"V" FOAM EXTRA SUPPORT

HIGH DENSITY FOAM for boarder support of the mattress. In addition, with special notches V-shaped along the length sides and with its open cellular structure, it ensures excellent ventilation of the mattress.
