Bedtime

61 YEARS OF RESEARCH
& INNOVATION

Stories

Indulge in the confidence inspired by **Greco Strom**.
With 61 years of commitment in quality,
we have established ourselves to become
one of the Greek leading manufacturing companies
in mattresses & sleep products for all ages.

Our secret is hard work and commitment to quality
by choosing the best materials and following
the strictest international standards.

Your trust is our strength!

Certifications

GRECO STROM is particularly proud that all certifications have been received by the Bureau Veritas, LRQA Business Assurance, Swiss Approval International, MIRTEC SA & OEKO-TEX®. These are institutions that check with frequent inspections the proper implementation, maintenance and continuous upgrading of the quality systems.

GRECO STROM

DESIGN, PRODUCTION, QUALITY CONTROL AND DISTRIBUTION OF THE COMPANY'S PRODUCTS HAVE BEEN CERTIFIED ACCORDING TO:

SWISS APPROVAL INTERNATIONAL

THE GRECO STROM MATTRESSES have been tested and certified by the Swiss Approval International, as compliance with applicable European directives and regulations. The products comply with the requirements of the European Standard: EN 16890:2017. Children's furniture – Mattresses for cots and cribs – Safety requirements and test methods.

THE MATTRESSES OF THE BODYTOPIA, THE HYPNATURA AND THE CURESSENCE SERIES have been tested for durability and have been certified by the Swiss institution with the safety certification and quality of Swiss Approval products International in compliance with existing European directives and regulations and comply with the requirements of the European standard: EN 1957: 2012 & EN 1334: 1999.

ISO 9001 INTERNATIONAL QUALITY MANAGEMENT SYSTEM

ISO 9001 is an internationally recognized standard for quality assurance and quality management for businesses.

ISO 14001 INTERNATIONAL ENVIRONMENTAL MANAGEMENT SYSTEM

ISO 14001 is an internationally recognized standard for environmental management by businesses. It provides guidelines and required checkpoints that must be applied to any activities having an impact on the environment.

ISO 13485 INTERNATIONAL QUALITY ASSURANCE SYSTEM FOR MEDICAL DEVICES

THE ISO 13485 STANDARD establishes the requirements of the quality assurance system for companies involved in designing, producing, trading, installing and providing technical support for medical devices and products.

MARINE MATTRESSES APPROVAL BY MIRTEC SA (MATERIALS INDUSTRIAL RESEARCH & TECHNOLOGY CENTER)

UPGRADING QUALITY PRODUCTS that are required to meet specifications and are suitable to equip ships, yachts, hotels and general spaces and it is considered necessary to use mattresses with particular fire resistance, therefore GRECO STROM designs and produces a new series of mattresses that meet the requirements as outlined in Directive 2014/90 EU and Regulation (EU) 2020/1170 for MED / 3.21 bedding product group.

STANDARD 100 BY OEKO-TEX®

IT CONCERNS THE ABSENCE OF HARMFUL MATERIALS AND SUBSTANCES FROM BABY AND CHILDREN'S MATTRESSES AND ALL THE MATERIALS THAT MAKE THEM UP. OEKO-TEX® STANDARD 100 is a uniform system of laboratory testing and certification for textiles in raw, intermediate and finished form from all stages of production and is recognised internationally throughout the world. The tests are carried out by independent partner institutes on the basis of the extensive OEKO-TEX® criteria. The tests take into account numerous prohibited and non-prohibited substances which may be harmful to health. In many cases the STANDARD 100 limits are stricter than national and international requirements.

ISO 37001 ANTI-BRIBERY MANAGEMENT SYSTEM

ELOT ISO 37001:2017 CERTIFICATION, which is an international standard for the development and implementation of an Anti-Bribery Management System, ensures that a company implements procedures to prevent, detect and address bribery.

ALTERNATIVE PACKAGING MANAGEMENT

WITH ABSOLUTE RESPECT TO THE ENVIRONMENT, GRECO STROM belongs to the innovators of the alternative packaging management system in collaboration with the Greek Recycling Recovery Company.

History

SINCE 1964, OUR DEDICATION ON QUALITY HAS BECOME A HABIT, A WAY OF LIFE, WORK AND CREATION.

01 JONKER MATTRESS

10 YEARS WARRANTY

The definition of Ergonomics.
Indulge in the unique comfort and exceptional anatomical support of the **JONKER** mattress. With cutting-edge technology and a combination of different types of independent springs, it offers ideal support to your body. Its luxurious design invites you to experience ultimate experience of relaxation and well-being.

Jonker

Lithos

EUCALYPTUS FABRIC

EUCALYPTUS FABRIC is extremely soft, durable, and eco-friendly. Made from sustainable eucalyptus wood, it offers antibacterial properties and excellent moisture management, maintaining coolness and comfort. Its silky texture delivers a sense of luxury, while its resilience ensures long-lasting performance.

POLY-LINEN DOUBLE WAD*

THE DOUBLE LAYER of thermos-regulating natural linen and hypoallergenic polyester creates high levels of comfort, hygiene, and durability.

INNER HIGH RESISTANCE FOAM*

LAYER OF COMPACT, extra-durable foam that highlights the quilted treatment.

CELL FOAM INN*

A SPECIALIZED FOAM of latest technology, specifically designed for quilting use.

QUILTED HILL JUMP SYSTEM

A QUILTED FINISH using the JUMP system, achieved through advanced technology machinery.

7 MULTI-ZONE LATEX LAYER*

LATEX is characterized by its unique elasticity and flexibility. Having seven different support zones promotes proper blood circulation in the spine and limbs. Its numerous holes allow for ideal ventilation of the mattress, preventing the growth of microbes, fungi and mites.

TABLET MICRO POCKET SPRINGS 1000S*

THE NEW TABLET MICRO POCKET SPRINGS 1000S independent spring unit offers a high level of support and comfort. Each spring is individually housed in fabric pockets allowing each spring unit to react completely independently. Combined with the 7 ZONE MICRO POCKET SPRINGS 1000S independent spring unit, additional resistance is provided when pressure is applied, meaning that increased support is ensured. The 500pcs/m² ratio is maintained.

3D FLEX COAT*

THREE-DIMENSIONAL insulating filter.

7 ZONE MICRO POCKET SPRINGS 1000S

THE UNIT OF INDEPENDENT SPRINGS of type 7 ZONE MICRO POCKET SPRING 1000S type, housed separately in fabric pockets. The 7 different support zones allow individual flexibility of each spring and provide a high degree of support. The ratio of 500pcs/m² is maintained.

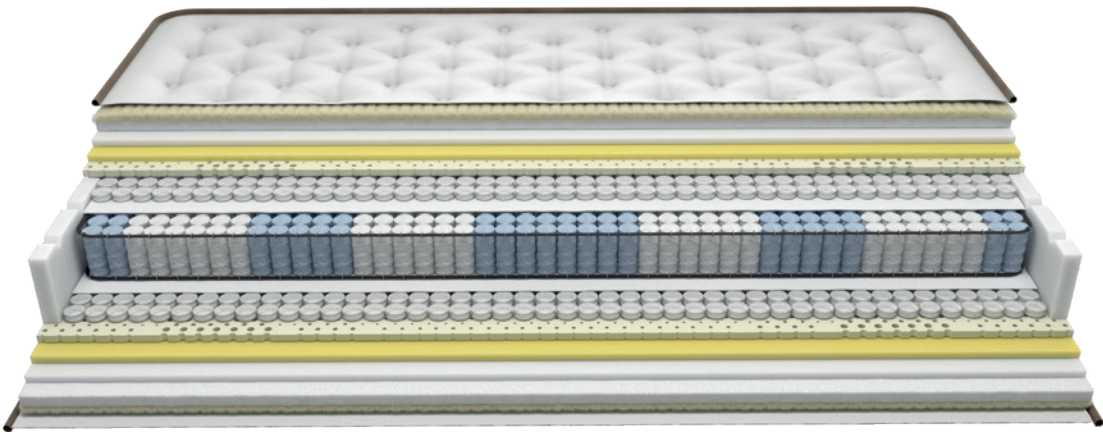

FRAME SUPPORT

STEEL PERIMETER SUPPORT FRAME that ensures the stabilization of the springs and the dimension of the mattress.

BORDER FOAM SUPPORT PLUS

REINFORCED PERIMETRIC SUPPORT made of high density and stable foam material. With special V-shaped notches on the longitudinal sides for improved internal ventilation of the mattress.

Jonker

VENT & FRESH

Special open ventilation cells that ensure air circulation towards all directions in the mattress

HANDLES

For easy rotation of the mattress

ZIPPER

Allows the optical control of materials

02 EXCELSIOR MATTRESS

10 YEARS WARRANTY

Awakening the senses through ultimate ergonomics. Discover the comfort of a new era with the **EXCELSIOR** mattress. Crafted with state-of-the-art materials, it offers exceptional pressure relief and ergonomic adaptation to body weight. Live the superior experience of anatomy and feel the absolute comfort that **EXCELSIOR** offers.

Excelsior

EUCALYPTUS FABRIC

EUCALYPTUS FABRIC is extremely soft, durable, and eco-friendly. Made from sustainable eucalyptus wood, it offers antibacterial properties and excellent moisture management, maintaining coolness and comfort. Its silky texture delivers a sense of luxury, while its resilience ensures long-lasting performance.

POLY-LINEN DOUBLE WAD*

THE DOUBLE LAYER of thermos-regulating natural linen and hypoallergenic polyester creates high levels of comfort, hygiene, and durability.

MEMORY FOAM SOFT INN*

HIGH-DENSITY VISCOELASTIC (MEMORY FOAM) used in quilting, which responds to body temperature. Minimizes pressure points, promoting proper blood circulation of the spine and limbs.

SPACE VISCO ELASTIC SOFT*

LAYER OF SPECIALIZED MATERIAL (MEMORY FOAM) used in quilting. It adapts to body temperature, while contributing to the maximum performance of its anatomy.

QUILTED HILL JUMP SYSTEM

A QUILTED FINISH using the JUMP system, achieved through advanced technology machinery.

VISCO00L*

MEMORY FOAM WITH THERMOREGULATORY PROPERTIES that transforms cutting-edge technology into a revolutionary sleep experience. Thanks to its open-cell structure, it allows air to circulate inside, reducing perspiration.

GRANT RELIEF FOAM*

A SPECIAL HIGH-RESILIENCE FOAM that absorbs vibrations.

3D FLEX COAT*

THREE-DIMENSIONAL insulating filter.

7 ZONE MICRO POCKET SPRINGS 1000S

THE UNIT OF INDEPENDENT SPRINGS of type 7ZONE MICRO POCKET SPRING 1000S type, housed separately in fabric pockets. The 7 different support zones allow individual flexibility of each spring and provide a high degree of support. The ratio of 500pcs/m² is maintained.

FRAME SUPPORT

STEEL PERIMETER SUPPORT FRAME that ensures the stabilization of the springs and the dimension of the mattress.

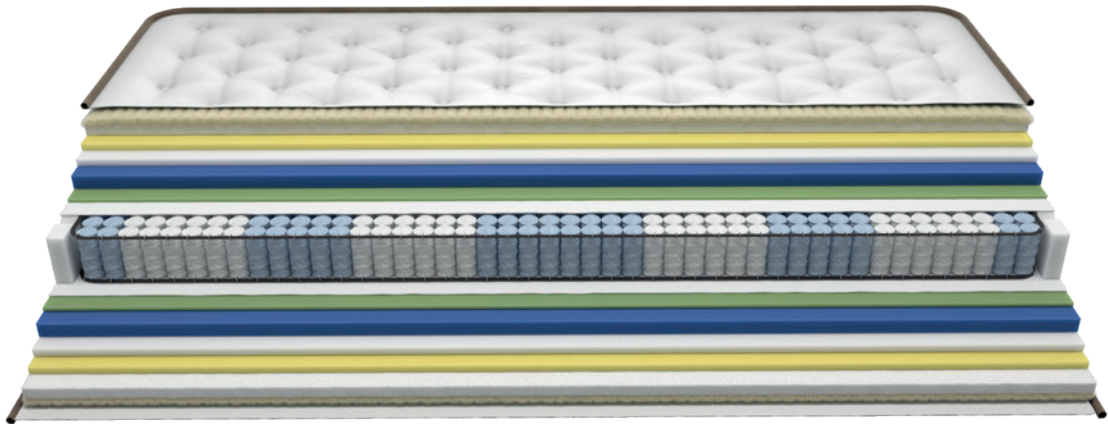

BORDER FOAM SUPPORT PLUS

REINFORCED PERIMETRIC SUPPORT made of high density and stable foam material. With special V-shaped notches on the longitudinal sides for improved internal ventilation of the mattress.

Mattress height 32 cm (+/-1 dimensional variation due to material nature).

Insert materials are described in the order they are placed in the mattress for each two sides.

Excelsior

VENT & FRESH

Special open ventilation cells that ensure air circulation towards all directions in the mattress
