58 YEARS OF RESEARCH & INNOVATION

Stories

↓

Indulge in the confidence inspired by a leader.
With dedication and perseverance in quality for **58 years, GRECO STROM** has managed to become **the number 1 infant/baby mattress manufacturer in Greece** and to be at the top of sleep products for every age. The secret of success is not a “secret”.
It’s a tough job to offer you the finest materials, the richest choices and the most sophisticated products, while adhering to the rigorous international standards for mattress production.
The recognition and trust of those who have chosen **GRECO STROM**, have given us a leading role in the sleep product market. Perhaps because we were not only able to offer them what they asked for, but also to overcome their expectations.

Bedtime

↓

GRECO STROM is particularly proud that
all certifications have been received by the
International Certification Institutions Bureau Veritas,
LRQA Business Assurance & Swiss Approval
International. These are institutions that check
with frequent inspections the proper implementation,
maintenance and continuous upgrading
of the quality systems.

Stories

DESIGN, PRODUCTION, QUALITY CONTROL AND DISTRIBUTION OF THE COMPANY'S PRODUCTS HAVE BEEN CERTIFIED ACCORDING TO:

SWISS APPROVAL INTERNATIONAL

THE GRECO STROM MATTRESSES have been tested and certified by the Swiss Approval International, as compliance with applicable European directives and regulations. The products comply with the requirements of the European Standard: EN 16890:2017. Children's furniture – Mattresses for cots and cribs – Safety requirements and test methods.

THE MATTRESSES OF THE BODYTOPIA AND THE HYPNATURA SERIES have been tested for durability and have been certified by the Swiss institution with the safety certification and quality of Swiss Approval products International in compliance with existing European directives and regulations and comply with the requirements of the European standard: EN 1957: 2012 & EN 1334: 1999.

ISO 9001 INTERNATIONAL QUALITY MANAGEMENT SYSTEM

ISO 9001 is an internationally recognized standard for quality assurance and quality management for businesses.

ISO 14001 INTERNATIONAL ENVIRONMENTAL MANAGEMENT SYSTEM

ISO 14001 is an internationally recognized standard for environmental management by businesses. It provides guidelines and required checkpoints that must be applied to any activities having an impact on the environment.

ISO 13485 INTERNATIONAL QUALITY ASSURANCE SYSTEM FOR MEDICAL DEVICES

THE ISO 13485 standard establishes the requirements of the quality assurance system for companies involved in designing, producing, trading, installing and providing technical support for medical devices and products.

MARINE MATTRESSES APPROVAL BY MIRTEC SA (MATERIALS INDUSTRIAL RESEARCH & TECHNOLOGY CENTER)

UPGRADING QUALITY PRODUCTS that are required to meet specifications and are suitable to equip ships, yachts, hotels and general spaces and it is considered necessary to use mattresses with particular fire resistance, therefore **GRECO STROM** designs and produces a new series of mattresses that meet the requirements as outlined in Directive 2014/90 EU and Regulation (EU) 2020/1170 for MED / 3.21 bedding product group.

- SOLAS 74 Reg.II-2/3, Reg. II-2/9 & Reg. X / 3 &
- IMO Res. MSC. 307 (88) – (2010 FTP Code) Annex 1, Part 9

ALTERNATIVE PACKAGING MANAGEMENT

WITH ABSOLUTE RESPECT TO THE ENVIRONMENT, GRECO STROM belongs to the innovators of the alternative packaging management system in collaboration with the Greek Recycling Recovery Company.

History

SINCE 1964, OUR DEDICATION ON QUALITY HAS BECOME A HABIT, A WAY OF LIFE, WORK AND CREATION.

↓

1964
THE COMPANY IS FOUNDED BY MR. FOTIS GKOTSOPOULOS and is active in the manufacture of handmade cotton mattresses.

1976
PURCHASE OF 5,000 m² PRIVATELY OWNED AREA and construction of factory building of 1,500 m² in Mandra, Attica.

1980
PURCHASE OF MACHINERY EQUIPMENT and production of mattresses with springs.

1986
MR. MARIOS GKOTSOPOULOS son of the founder enters the company as a partner.

1991
GRECO STROM EXPANDS after it extends its factory building to 3,000 m².

1997
MR. CHRIS GKOTSOPOULOS son of the founder enters the company as a partner.

1998
OUR COMPANY EXTENDS ITS ACTIVITY by studying, designing and producing baby mattresses, based on the most stringent international standards.

2000
COMPANY CERTIFICATION based on the International Quality Management System ISO 9001.

2003
INVESTMENTS ARE MADE with upscale and modern mechanical equipment and the company proceeds to innovative design and production of box mattesses.

2004
- MATTRESS SUPPLY ASSIGNMENT for the OLYMPIC GAMES.

- CERTIFICATION OF THE COMPANY based on the International Environmental Management System ISO 14001.

2005
- EXPORT ACTIVITY in Cyprus.

- INCORPORATION OF THE COMPANY as a member of ISPA (International Sleep Products Association).

– SOLAS 74 Reg.II-2/3, Reg.II-2/9 & Reg. X/3 &
– IMO Res. MSC. 307(88)-(2010 FTP Code) Annex 1, Part 9.

• EXPORT ACTIVITY in Czech Republic, Italy and Romania.

• INVESTMENTS ARE MADE with upscale and modern mechanical equipment

• GRECO STROM WAS AWARDED the "Diamonds of the Greek Economy 2019" as one of the diamonds of the Greek economy!

2020

• GRECO STROM DRIVEN BY INSPIRATIONAL AND CREATIVE PRODUCTION HAS CREATED THE NEW BODYTOPIA MATTRESS COLLECTION AND THE GRAND COLLECTION MATTRESSES FOR HOTEL EQUIPMENT. Mattresses that respond to the desired to rejuvenate and relax within the most personal eight hours of the day. Positive emotions that accompany the experience of good sleep. Moments of dreaming, reminiscence, rest, moments of true psychosomatic uplift and satisfaction.

• Construction of an independent bed production unit 1000 m^2.

• Extension of privately owned building by 500 m^2.

2021

• GRECO STROM creates online store shop.grecostrom.gr, for direct purchases and distribution of household equipment products as well as baby and children's sleep products.

• GRECO STROM WAS AWARDED the "Diamonds of the Greek Economy 2021" as one of the diamonds of the Greek economy!

2022

• GRECO STROM through constant search and use of innovative technologies and guided by the collective contribution to the environment, evolves and presents its new basic mattress series, the Hypnatura series. Mattresses covered with the new AEIFORIA fabric, effect the processing of plastic recycled bottles, environmentally and human friendly.

Hypnatura

OPTIMISTIC DREAMS IN GREEN BACKGROUNDS

↓

How much euphoria one can feel inside the fertile embrace of nature? Optimistic dreams in green backgrounds, visit those who in fetal posture are surrendered and surrender their thoughts and desires for the next day.
With eyes opened to a better world, we gently close our eyelids on the basic but renewed series of GRECO STROM mattresses. Dressed in the new fabric AEIFORIA, result of processing plastic recycled bottles, friendly to the environment and to human. This is the Hypnatura series.

Collection

Mattresses that bring you in touch with your body, your mind, and your soul. With your unity and its wholeness, which rotates you slowly and steadily, allowing you every moment to stop and then continue more vigorously. The elements are transformed into dreams and imagination to give grace to each mattress of the Hypnatura series.

Hypnatura

SUSTAINABLE GROWTH

↓

At GRECO STROM we acknowledge how important it is, to pass the know-how, the quality, and our love for our work, from generation to generation.
Sustainable growth is in our DNA and that's why we make sure we design timeless products and then create with the minimum possible imprint.

Aeiforia

AEIFORIA FABRIC

↓

Through constant search and use of innovative technologies and alternative materials such as the new AEIFORIA mattress fabric, we manage to ensure permanent utilization of resources, always guided by the collective contribution to the environment. For the production of AEIFORIA fabric, derived yarns are used from recycled plastic bottles, which are collected from all over the world. Despite Its special nature, the fabric itself offers unique softness and is absolutely friendly to human skin, giving a unique sense of comfort and care.

AEIFORIA FABRIC*
FOR THE PRODUCTION OF AEIFORIA FABRIC, derived yarns are used from recycled plastic bottles, which are collected from all over the world. It offers unique softness and is absolutely friendly to human skin, giving a unique sense of comfort. In addition, the AEIFORIA fabric meets stricter hygiene standards as it prevents dust mite infestation, it provides antibacterial, antifungal and antiparasitic protection.

WOOL FIBERWAD*
STRENGTHENED WAD from ecological wool that meets the higher standards of hygiene while providing thermoregulatory properties.

DOUBLE INNER HIGH RESISTANCE FOAM*
DOUBLE COMPACT LAYER, extra durable foam that highlights quilted processing.

QUILTED HILL JUMP SYSTEM
QUILT PROCESS with JUMP system which is achieved by advanced technology machines.

7 M-ZONE LATEX LAYER*
THE LATEX is characterized by unique elasticity and flexibility. The seven different support zones promote proper blood circulation in spine and limbs. Its numerous holes allow ideal mattress ventilation, preventing the growth of germs, fungi and mites.

RUBBERIZED COCONUT COIR*
THE NATURAL RUBBERIZED COIR offers the perfect insulation of springs while at the same time it provides maximum support.

7 ZONE POCKET SPRINGS UNIT
UNIT OF INDIVIDUAL INDEPENDENT SPRINGS that are hosted separately in fabric pockets, placed in a ratio of 260 m². The 7 different zones promote anatomical support, allowing the individual elasticity, providing the highest degree of optimal point distribution of the body.

BORDER FOAM SUPPORT PLUS
REINFORCED PERIMETER SUPPORT from foam material of high density and stability. With special V-shaped notches on the longitudinal sides for better internal ventilation of the mattress.

AIR FLOW JUMP SYSTEM
3D PERIMETER PHASE that allows comfortable air circulation as well as expulsion growth of germs and microorganisms inside of the mattress. With a jump system which gives unique design.

FRAME SUPPORT
STEEL FRAME OF PERIMETER SUPPORT that ensures the stabilization of the springs and the mattress dimension.
